1. Singapore
2. Romania
3. Poland
4. New Zealand
5. Estonia
6. Finland
7. Australia
8. Czechia
9. Lithuania
10. The Netherlands

### **Chair Report**

The 2012 iGeo held in Cologne, Germany, from 21 August to 27 August 2012, under the auspices of the International Geographical Union Olympiad Task Force, was a great success. As always the iGeo competition contained three elements: a written response test, a multimedia test and a fieldwork test. The fieldwork was done along the riverfront of the river Rhine and consisted of a mapping and a decision-making exercise. The official language of the iGeo was English. Dr. Dorothea Wiktorin and her staff from the University of Cologne were superb local organisers. Apart from the three tests there was a poster presentation about the theme "water" in the participating countries. The intercultural evening was a highlight of the 2012 iGeo.
