### ***Chair Report***

Québec City is one of North America's oldest cities and was designated a UNESCO World Heritage site in 1985. Québec City is also a modern metropolis of approximately 750,000 mainly French-speaking residents. It is an active economic pole with an international airport and a major tourist destination.

The 2018 iGeo was held in **Québec City** from 31 July to 6 August, 2018, in association with the Regional Conference of the International Geographical Union. In relating to the overall IGU 2018 conference theme of "Appreciating Difference / Apprecier la difference" and highlighting the role of the natural landscape in the historical evolution of Quebec, the iGeo 2018 theme was: Appreciating landscape.
